Our vertical axis wind turbines come in many sizes and shapes from our 750 watt wind turbine up to our 5kW wind turbine. Affordable, attractive, and Ultra Quiet, creating clean energy from the natural wind.

Get in-depth technical information and performance data for our 5 kW Wind Turbine. Download the full datasheet to explore power curves, ...

PVMars lists the costs of 1kw-5kw wind turbines here (excluding towers). If you want the price of a full set of wind power plants, please click on the product ...

With no need for expensive batteries our 5kw On Grid Wind Turbine is a simple easy maintenance free power source that will save you money and drive down ...

Our wind turbines can be configured to match any site or wind condition. With our blade designs and sizes, multiple tiers and blade configurations, we can supply ...

Aeolos Wind Turbine Company manufactures and sells 5kw wind turbines and other wind generators for home wind powered energy.

WS5 is a professional small 5kW wind turbine for the home. It can be directly integrated into national grids and mini-grids on the AC side. It is characterised ...

High efficiency, zero cogging neodymium electrical generators and wind turbines for every need and size. From 5 kw to 5 Megawatt.

With a rated wind speed of up to 12m/s and a wind turbine diameter of 2.63m, it consists of 3 blades made of aluminum with a height of up to 5m, and features an advanced magnetic levitation generator ...

solar energy, green power, solar hot water, turbine energy, free energy, solar ...
