---

Based on your requirements, we design a tailor-made battery solution including cell selection, BMS integration, mechanical housing, and connector interfaces. We then build a functional prototype for ...

Explore custom lithium battery solutions for commercial and industrial use. From idea to product, we customize lithium-ion batteries to fit your exact needs.

Junda Battery designs and manufactures custom battery packs using cylindrical lithium-ion cells (18650/21700), LiFePO<sub>4</sub>, and project-based sodium-ion solutions.

Whether you're retrofitting existing equipment or launching something entirely new, we design and manufacture lithium-ion systems, including HV battery systems, tailored to each application.

From voltage and capacity to dimensions, connectors, and layout -- we custom-build high-performance lithium batteries to fit your exact needs. No kits, no guesswork.

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO<sub>4</sub>, and LiPO solutions tailored to your exact specifications.

TYCORUN specializes in OEM lithium ion battery solutions, including battery cells, packs, BMS, and energy storage systems, tailored to ...

We can design and manufacture custom battery packs using lithium iron phosphate (LFP) cells for your power or energy application. Robust cylindrical, prismatic, or ...

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.
