Beginning construction in June 2025, Envision Energy will supply a minimum of a 14 year long-term maintenance (LTSA) agreement, providing continuous presence in the region beyond the ...

FY 2025 results - Strong growth in revenues (+25%) and EBITDA (+40%) for the third consecutive year. Strong upturn in vessel orders since the fourth quarter of 2025. 2025 dividend at a ...

In Belgium, TotalEnergies has launched its largest battery storage project in Europe (75 MWh) at the Antwerp platform, and another project is also ...

TotalEnergies has commissioned a 61MW/61MWh battery energy storage system (BESS) at its Flandres centre in Dunkirk, France. Claimed to be ...

On September 8, 2024, the GSL ENERGY 60kwh wall-mounted battery home energy storage system was successfully deployed in Guatemala, bringing new changes to the local household energy ...

French container energy storage project TAGENERGY, a global leader in low-carbon energy solutions, launches construction of France's largest battery energy storage platform (France, Marne).

TotalEnergies has deployed a Saft lithium-ion (Li-ion) battery energy storage system (ESS) at Dunkirk, Northern France in a frequency response project that ...

The CATL electrochemical energy storage system has the functions of capacity increasing and expansion, backup power supply, etc. It can adopt more renewable energy in power transmission ...

This C& I solar-plus-storage solution uses 5 sets of outdoor BESS cabinets, integrates PV with storage battery. By maximizing solar self-consumption with commercial solar-plus-storage to reduce grid ...
