Mouser is an authorized distributor for many aluminum electrolytic capacitor manufacturers including Chemi-Con, Cornell Dubilier, KEMET, Nichicon, Panasonic, TDK, Vishay & more. Please view our ...

The thin insulating layer of aluminum oxide formed on the anode between the foil plates acts as the dielectric, creating a high-capacitance device in a compact package.

German aluminum capacitor are essential components in the realm of electronics, widely recognized for their ability to store and release electrical energy. These capacitors are constructed using aluminum ...

85°C and 105°C series with screw and snap-in connections - for maximum performance, low losses and long service life in compact designs.

EPCOS AG is a leading manufacturer of electronic components, modules and systems headquartered in Munich, Germany.

FTCAP offers aluminium electrolytic capacitors in many performance classes and versions, with different connection variants. Our capacitors are technologically ...

This note reports a comparative study of total harmonic distortions (THD) caused by commercial electrolytic capacitors, as produced by Würth Elektronik eiSos as well as purpose-built items.

Over time, the company strategically shifted its focus to power electronics and now offers an extensive range of high CV screw terminal aluminum electrolytic ...

FTCAP specializes in the development and production of aluminum electrolytic capacitors, offering a variety of performance classes and connection types designed to withstand extreme conditions.

German super aluminum electrolytic capacitor
