The Sunplus Hybrid Storage Inverters are designed to increase energy independence for homeowners and commercial users. The Hybrid Inverter ...

Our team holds one of the earliest patents on making graphene, and since then we've been striving for even bigger and better achievements. Once an ...

Our innovative approach to graphene production, currently awaiting patent approval, is not only cost-effective but also opens up a world of possibilities for ...

This revolutionary supercapacitor is already being manufactured and used at scale, and we welcome partners to implement graphene and assembly factories around the world.

Products to Power the Clean Industrial Revolution. We use 3D Graphene supermaterials to build products that transform the biggest industries on the planet.
