The combine cant get to much wider because of transportation issues. Over 20ft wide would be a huge pia to road. I would get an 8row planter just for convenience for your ...

Some of these engines are naturally aspirated and some are turbo charged. Are the turbo 903"s a later version or just in different applications? The steiger panthers or the ford fw ...

Does anyone here do any modifications to their machine to harvest edible beans? If so, what do you do to the combine?

hello, here"s some pictures of the 8590 rotary this belongs to stanton park farms, hinderclay hall, diss, norfolk england

A forum community dedicated to all combine owners and enthusiasts. Come join the discussion about specifications, accessories, troubleshooting, maintenance, and more!

I am considering a move up from my 860 hydro to either a 8570 or a 2188. Capacity isn"t my biggest concern, rather dependability and easy to work on. Another factor is the Case ...

There"s really no ONE "best" hillside combine. They are all very good, as are regular combines. Yes, Case-IH and Deere are the most popular in hillsiders, but that"s just ...

I am considering buying a Gleaner R50 combine, it has 2,377 hrs and comes with a 20 ft Duetz Allis grain head. I have never owned a Gleaner before so I am asking if these are ...

I am looking into buying a combine which is fit for harvesting quinoa. Quinoa has very small seeds, comparable in size to the millet seed. Is there somebody out there who can ...
