Maximize efficiency with JA Solar 380W Solar Panels. Get yours at A1 SolarStore for reliable energy solutions!

This datasheet is your essential guide to the performance, features, and capabilities of the Ja Solar 380W model, empowering informed decisions for your solar projects.

The 380W JA solar panel is a monocrystalline PERC module, ideal for self-consumption and industrial solar installations that want to obtain maximum power per square metre.

JAM72S01-380/PR Solar Panel Product Information - (380W) by Shanghai JA Solar Technology Co Ltd including datasheet and warranty information where available.

380W Solarpanel PerformanceThe 380W Solar Panel SpecsApplyJunction BoxAdvantagesWarrantyIn A ConclusionThe 380w solar panel has an output of about 2260 watt. This is for a 7 hour day during high summer. Also taking in consideration a possible loss of 15%. The panel is commercial and residential use. You can use the 380W JA SolarMono Half Cell Panel from LG off-grid as well as o-grid. The 380w solar panel comes with leads tied to the junction box. To...See more on asolarmove EnergySageJA Solar JAM72S09 -380/PR - EnergySageAll you need to know about the JAM72S09 -380/PR solar panel including rating, cost, efficiency, and warranty terms.

The JAM72S09 -380/PR solar panels have a rated output of 380 Wp and an impressive efficiency of 19.3 %, making them an excellent choice for homeowners looking to harness the power of the sun and ...

JA Solar Technology Co., Ltd. Solar Panel Series JAM72S03 360 - 380/PR. Detailed profile including pictures, certification details and manufacturer PDF

Ja solar 380w panel

Assembled with high-efficiency PERC cells, the half-cell configuration of the modules offers the advantages of higher power output, better temperature-dependent performance, reduced shading ...
