The Prime Minister of the Republic of Kosovo, Albin Kurti, and the Minister of Economy, Artane Rizvanolli, today participated in the launch ceremony of the Prequalification for the Energy ...

Kosovo has taken a significant step towards a sustainable energy future by granting its first-ever licenses for battery energy storage systems.

Kosovo has launched two auctions for BESS projects with a cumulative capacity of 170 MW/340 MWh. The 45 MW/90 MWh and 125 ...

Liquid-cooled energy storage lithium iron phosphate battery station cabinet Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire ...

Kosovo's first solar auction for the construction of a 100 MW solar plant in the town of Rahovec attracted six bids, as revealed earlier this week.

Kosovo plans to channel part of the U.S. grant into small-scale renewables --think solar farms powering rural schools. And with coal's days numbered, the country could become the ...

Companies can apply within a prequalification call for a battery storage project in Kosovo* divided into two segments.

Installing a 340 MWh battery storage facility in Kosovo will positively impact the country's energy sector by reducing the country's dependence on ...

The Energy Storage Project aims to support Kosovo's energy security by using battery storage systems to

Kosovo energy storage low temperature solar energy storage cabinet lithium battery

provide reserves, improving system availability, and ...

A 2023 industry report showed proper thermal control extends battery life by 60% in Balkan climates. Our Pristina pilot project uses liquid cooling plates between modules, maintaining optimal
