The Moog ForumMoog Messenger Soulculture June 7, 2025, 6:48pm 1 HI. I have using messenger in cubase and studio one In studio one messenger is constantly sending cc43 . It also ...

Hi All I was gifted a used Mother 32 that won't power on. I'm a part-time guitar/pedal tech and know my way around a PCB, but obviously, without a schematic its a bit hard to diagnose what's ...

Hi Folks, is there an Editor/VST for the Moog Muse? I do miss the ability to control the Muse remotely like I can do with other synths and I'm hopeful that we will get a proper patch editor ...

Hello, looking to get an "carry under the arm" type small amp to use for my theremin, and was wondering if the TB15 is any good? Looks like a standard combo amp, but how does it sound, ...

I am pleased to announce that muse.factory, my x.factory Librarian for the Moog Muse, as discussed on this thread, is now available for beta testing, with the aim of it being available for ...

I feel like someone who just woke up from a 3 year coma. The last synth I got was a Subsequent 37, and now, just this past week, I brought home my new Moog Muse, purchased on ...

The Moog ForumSubsequent 37 & Subsequent 25 Stephen_W_Ferris April 5, 2020, 1:02am 1 I have been reading previous entries on similar issues with Bricking and I believe this may ...

I left my Muse turned on for a couple hours in my home n a hot day where I did not have the air conditioner on, and the temp according to the Moog sensor was ~45 Celsius... I noticed the ...

Did the firmware update. Activated the duophonic function. Did not work. Not surprised. Anyone out there with a solution or the same experience?
