-----

Lease land for solar and storage projects with Aurevia Energy. Earn steady income while supporting renewable energy development and land preservation.

WHY LANDOWNERS WORK WITH US By partnering with Aspen Power, the King family is able to preserve their farm for the 4th-generation. "We did a lot of research before leasing our land for solar ...

A solar land lease is an agreement between a developer and a landowner where the landowner rents land to a developer to house photovoltaic ...

If I Lease The Acreage, Am I Paid Monthly Or annually?What Modifications Will Be Made to The Property Over The Course of Lease?How Often Would Terms of Lease Be renegotiated?When The Lease Expires, Will The Property Be Returned to Its Original form?How Is A Usable Acre defined?Is Any Substation Placed on site? If So, Is That Considered "Usable Acreage"?We have a comprehensive approach and process that helps ensure sites are restored as close as possible to the pre-existing conditions, and all materials used in construction of the solar arrays are salvaged, recycled, or disposed of in an environmentally sound manner.

Most solar sites have a life span of approximately 30-35 years.
