The U.S. Department of Energy (DOE) designed this Solar Power in Your Community guidebook to assist local government officials and stakeholders in boosting solar deployment.

It introduces community solar programs and their benefits, explains different ownership models, and ends with the best practices to keep in mind when starting a locally-owned community solar project.

Some Roofs Are Not Fit For Solar PanelsSolar Panels Can Damage Your RoofSolar Panels Can Be EyesoresYou Can Adjust The Amount of Solar Power You NeedYou Save Money on Your Electricity BillWhen you install solar panels on your property, you are stuck with a fixed amount of power those panels can generate. When you're part of a community solar farm, however, you'll be able to adjust the amount of power you need without worrying about further panel installation.
