-----

Electric double layer capacitors are two-terminal energy storage devices that collect voltage as current flows through an electric circuit. They generate an electrical field between two conductor plates and ...

Supercapacitors store electrical energy at an electrode-electrolyte interface. They consist of two metal plates, which only are coated with a porous material known as activated carbon.

These specially engineered capacitors are actually a high-tech energy storage ...

Electric Double Layer Capacitors (EDLC), Supercapacitors are in stock at DigiKey. Order Now! Capacitors ship same day.

Our rackable supercapacitor modules have been used with great success for years in frequency response, ramp-up, backup power, and peak shaving applications ...

Tax included Shipping calculated at checkout. Orca Super Capacitor is backordered and will ship as soon as it is back in stock.

Standard-Orders: All of our products are stocked locally in New Zealand and will ...

Optimize power backup with HPE Cray Supercomputing XD665 Supercapacitor for reliable performance in high-demand computing environments. Explore price and specs.

Supercapacitors Supercapacitors / Ultracapacitors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Supercapacitors Supercapacitors / Ultracapacitors.

Choose from category Supercapacitors. Our offer includes 115 types from 6 manufacturers. SOS electronic - support from development to production.
