Pending weather and clouds, it should be a stunning visual phenomenon. No eclipse glasses are needed for the total lunar eclipse. Always protect your eyes during a solar eclipse.

It's easy to transform your Rx or reading glasses into stylish and high-performing sunglasses with these Foster Grant® Solar Shield® ClipOn sunglasses. Their polarized lenses ...

Solar viewers (also known as solar viewing glasses or solar eclipse glasses) are special eyewear designed for direct viewing of the Sun. Standard sunglasses are unable to filter out eye-damaging radiation. Solar viewers can be used for safe viewing of solar events such as eclipses. The recommended optical density of this eyewear is 5, meaning that the solar viewing filter only permits 1 part in 100,000 of incident light to ...
